

# GALDERMA

EST. 1981

Galderma's suppliers are invited to use our Source-to-Pay platform, ONEBUY, to streamline all transactions. This platform includes the Coupa Supplier Portal (CSP) tool and is intended to be the single point of contact between Galderma and our suppliers.

The tool offers efficient procurement solutions to our Suppliers through standardized global processes covering from "source" – supply strategy, execution, negotiation, and contract management with suppliers, to "pay" – setting final payment and invoice processing.

## List of Galderma countries adopting ONEBUY and CSP:
